Tell the Truth and Shame the Devil

By Gerard Menuhin. Many know that something isn't right in the world. Nations engage in perpetual war while bankers and armaments makers line their pockets from the carnage. The average citizen of the world has been cut out of government, whether he lives in a democracy, republic, theocracy or dictatorship. All the while, the ruling elite grow richer as the real producers struggle. Behind the scenes, events are controlled by puppetmasters. How did this world get to the dark place it is? Who could have stopped it and what can we do? The book consists of three sections. The first section concerns Hitler. The second sec-

tion enlarges on the activities of the real culprits. The third section concerns the First and Second World Wars, their conception, funding and inescapable continuity; current laws against freedom of expression, and the evolution of the Orwellian state; the Mideast mayhem; plus much more. The author is the son of the great American-born violinist Yehudi Menuhin. Softcover, 457 pages, #715, \$35.

Man's Ancient History

The Work of All Ages: The Ongoing Plot to Rule the World from Biblical Times to the Present

From the Temple to the Talmud: Exploring Judaic Origins, History, Folklore and Tribal Traditions

In From the Temple to the Talmud, Dr. Harrell Rhome offers a panoramic look at Jewish history, culture and religion from a Revisionist perspective. Not content to merely repeat the findings of previous researchers, Rhome offers a new interpretation of Jewish history, one that is sure to enrage some and leave others standing in ovation. Going back to primary and ancient sources, while also including research from scholars (many of whom are now considered too politically incorrect to cite by mainstream academicians), Rhome covers this expansive history in a lively and easy to read style, accompanied by many illustrations and a lengthy list of sources for future research. Softcover, 261 page, #606, \$25.

Money: The 12th & Final Religion

Author R. Duane Willing teaches us how "God Moloch" is moving with brute force for world control behind the myth called Israel. Moloch conceals the invention of credit-based money. The key to usury is hidden in the legend of the Holy Grail. The history of money is traced from its earliest usage until the modern era. What secrets about money are hidden in the Bible? How have the moneylenders gotten people to worship money? It the worship of money a real religion? Find out in this unique take on global history and finance. Softcover, 193 pages, #508, \$17.

The Goths: From the Earliest Times to the End of the Gothic Dominion of Spain

By Henry Bradley, 1887. The Goths were an East Germanic tribe, whose two main subgroups, the Visigoths and the Ostrogoths, played an important role in the fall of the Roman Empire and the emergence of Medieval Europe. Far too little credit has been given to the Goths for their role in forging what is now modern-day Europe, they being many times portrayed merely as hide-wearing barbarians. The Goths were far more sophisticated and civilized than that, as shown in this book on their rich culture and accomplishments. Softcover, 372 pages, #642, \$26.

Fountain of Fairytales: A Scholarly Romp Through the Old Testament

The Old Testament is one of the most amazing collections of stories ever assembled. But does it prove the Jews have a legitimate claim to the Holy Land or that the vast kingdoms of David and Solomon ever existed? Author John Tiffany takes us on a whirlwind tour of the Old Testament, telling us which stories are pure balderdash—unsustainable through historic examination—and which have some basis in real archeology. Tiffany also tells us which tales have been borrowed from other cultures. If you want proof the entire Old Testament is a faithful transcription of the word of God, read no further, for this book is more of a fast-paced tour of the Old Testament, not a dense religio-historical treatise. Softcover, 169 pages, indexed, #656, \$20.

Softcover, 132 pages, #599, \$20.

Softcover, 224 pages, #662, \$16.

Ancient America: The Lost Colonies and Pre-Columbian Visitors Who Discovered America

Was America truly unknown to the outside world until Columbus "discovered" it in 1492? How are we to account for an Egyptian temple in Tennessee or a metal plate with the image of a Phoenician in Utah? Who can explain the discovery of Viking houses outside of Boston? These enigmas are a fraction of the proof for Old World visitors to our continent thousands of years ago. In addition, Sumerians, Minoans, Romans, Kelts, ancient Hebrews, Indonesians, Chinese, Japanese, Welsh, Irish explorers and the Knights Templar all made it here. By Frank Joseph. Softcover, 320 pages, #663, \$18.

Ancient Visitors to the Americas: The Evidence

Compiled by Paul T. Angel. Edited by John Tiffany. This book covers the evidence that exists showing that ancient Europeans, Asians and Arabs made it to North and South America well before Columbus. The Kensington Rune Stone, Templars, Vikings, Irish, Minoans, ancient Bronze Age copper miners, Burrows Cave, White ancestors of the Indians, Phoenicians, Chinese, Japanese, the Newport Tower, Oak Island, pre-Columbian maps and more. Softcover, 183 pages, #709, \$20.

Our Aryan Ancestors: The World's Historical People

By Fleming Howell. The author takes you through the ancient history of the Aryans, explains exactly who they were (and are) and then takes you on a whirlwind tour around the globe to reveal the hidden history of the White race. Celts, Cymri, Teutons, Greeks, Romans, Minoans and Slavs are discussed in depth. The author also gives us a wealth of important insights into those he refers to as the Asiatic Aryans. These include the Afghans, Hindus, Medes and Persians. The north African White Berbers are also covered. Softcover, 421 pages, #594, \$30.

A HISTORY OF THE WHITE RACE MARCH OF THE TITANS

ere it is: the complete and comprehensive history of the White race, spanning 500 centuries of tumultuous events from the steppes of Russia to the African continent, to Asia, the Americas and beyond. This is their inspirational story-of vast visions, empires, achievements, triumphs against staggering odds, reckless blunders, crushing defeats and stupendous struggles. Most importantly of all, revealed in this work is the one true cause of the rise and fall of the world's greatest empires—that all civilizations rise and fall according to their racial homogeneity and nothing else-a nation can survive wars, defeats, natural catastrophes, but not racial dissolution. This is a revolutionary new view of history and of the causes of the crisis facing modern Western Civilization, which will permanently change your understanding of history, race and society. Covering every continent, every White country both ancient and modern, and then stepping back to take a global view of modern racial realities, this book not only identifies the cause of the collapse of ancient civilizations, but also applies these lessons to modern Western society. The author, Arthur Kemp, spent more than 25 years traveling over four continents, doing primary research to compile this unique book. There is no other book like it in existence—a book to pass on from generation to generation, so that all will know the true history of the White race. New deluxe softcover, signature sewn, 8.25" x 11" format, 592 pages, hundreds of B&W pictures, four-page color section, indexed, appendices, bibliography, chapters on every conceivable White culture group and more. High-quality softcover, 592 pages, #464, \$42.

American History

The Politically Incorrect Guide to American History

Almost everything you've been taught about U.S. history is wrong! It's because most textbooks and popular history books are written by left-wing academic historians who treat their biases as fact. But here's a Revisionist book to set the record straight. Professor Thomas Woods refutes a host of myths. Woods reveals facts that you never were taught in school, tells you about the books you're not supposed to read, and takes you on a politically incorrect tour of American history. Softcover, 380 pages, #424, \$20.

The Real Lincoln: A New Look at Abraham Lincoln, His Agenda and an Unnecessary War

By Thomas J. Dilorenzo. The author makes hamburger out of sacred cow. Dilorenzo shows Lincoln as he truly was, a mentally unstable despot bent on dragging the nation into years of bloody, unnecessary fratricide. A side of Lincoln few ever knew existed is exposed for all to see. The book argues convincingly that Honest Abe—worse than FDR—was a calculating politician who subverted the Constitution, disregarded states' rights and achieved the closest thing to a totalitarian dictatorship yet seen on U.S. soil. Softcover, 361 pages, #427, \$16.

War Crimes Against Southern Civilians

Walter Brian Cisco's copiously documented exposé of Union Army war crimes rips the carefully constructed facade off Lincoln's "Army of Emancipation." Far from being an army of liberators, Union troops burned, raped, ravaged and terrorized Southern civilians from east to west. Politically correct history cannot hide the sins of the past, and a true examination of facts must occur before we can understand America's most tragic era. Softcover, 192 pages, #506, \$25.

Blood Money: The Civil War and the Federal Reserve

By John Graham. Here's the real cause of the Civil War. A scholarly examination of an oft-neglected aspect of America's fratricidal civil war—how the great international banking houses of the world augmented the antagonisms between North and South to ensure a peace agreement could never be reached. Softcover, 96 pages, #507, \$15.

The Memoirs of Col. John S. Mosby

These are the memoirs of John Singleton Mosby, the legendary Confederate cavalry leader who bedeviled the Union army. With only a few thousand men, Mosby struck fast and melted away before an effective pursuit could be organized by the Yankees. His knack for disappearing into the landscape earned him the nickname "The Gray Ghost." Mosby describes his capture of a Union general; answers accusations that Stuart's mistakes cost Lee the Battle of Gettysburg, reflects on the character of Grant and Lee, and provides detailed accounts of Manassas, Gettysburg and more—including dispatches from top figures. Softcover, 262 pages, #659, \$25.

The Southerner: The Real Story of Abraham Lincoln

Did Abraham Lincoln have other plans in mind for the racial integrity of America? Have we misinterpreted his intentions in regard to the freeing of slaves? Contrary to the Hollywood myth, Abraham Lincoln's greatest desire was to free blacks from slavery—and then send them all back to Africa or Central America. Only an assassin's bullet halted him from implementing these plans, as revealed in this engrossing work from Thomas Dixon Jr., the famed author of the Reconstruction Trilogy, set against a backdrop of the major events of the War Between the States. Softcover, 351 pages, #649, \$26.

LBJ: From Mastermind to Colossus

Phillip F. Nelson's new book tells the history of Lyndon Johnson after assuming the presidency upon the assassination of John F. Kennedy—a murder the author says Johnson orchestrated. Nelson argues that the enacting of Johnson's "Great Society" was designed to take the focus of the nation off the assassination as well as to lay the groundwork for building his own legacy. Nelson also examines Johnson's plan to redirect U.S. foreign policy to insert the U.S. into the civil war in Vietnam. Nelson presents evidence to show that the Israeli attack on the USS Liberty in 1967 was directed by Johnson himself. Hardback, 640 pages, #710, \$25.

The CIA's Black Ops: Covert Action, Foreign Policy and Democracy

By John Nutter Ph.D.—Since 1947 the CIA has secretly worked to further U.S. power and overthrow governments. The vast array of CIA "black ops"—against Saddam and "terrorists," secret Afghan ops, the overthrow of Guatemalan leaders, plots against Castro, narcotics conspiracies, Mafia relations, and even plans to dupe top U.S. officials—are all discussed. # 311H, hardcover edition, 350 pages, \$30.

One Nation Under Zion: Zionist Influence on America

Have Jews found an earthly kingdom they can call their own right here in America? Who invented the term "anti-Semitism"? Is the banking industry the powerful sword of Zionism? Where did the Holocaust tale originate and why? Why were the Zionists so bent on gaining the Holy Land instead of more hospitable tracts of land offered to them? How has political correctness been used to attain Zionist goals? Do Jewish forces pull the strings of power here in the United States? This and more are discussed in this powerful little book by Peter Christian. Softcover, 118 pages, #660, \$14.

Willis Carto & the American Far Right

By George Michaels, Ph.D. This reasonably balanced book covers the tumultuous yet highly productive career of Willis A. Carto from its initial stirrings through the founding of Liberty Lobby and the creation of *The Spotlight* and up to the seeming ruination of Carto's publishing empire. But Carto fights back—and wins again. Hardback, 341 pages, #505, \$45. *Just* \$35 for TBR readers!

FDR: My Exploited Father-in-Law: An Intimate Account of the Man, the Regime & the Legacy

If you ever want to learn how our government really works, read this book. The author, Curtis B. Dall was FDR's son-inlaw, and spent much time in the White House; he even had an office in the Yellow Room. Thus he had an insider's view of who came to see FDR and Eleanor and how often. Dall also was a Wall Street banker and knew the tricks and tactics the financial predators use to deceive the public. Later in his career he became the chairman of Liberty Lobby's Board of Policy when Willis Carto's all-American lobbying group was at its acme. The book is loaded with personal anecdotes of the people Dall met during his life. This included such notables as Franklin Roosevelt, Eleanor Roosevelt, Sara Delano, Bernard Baruch, Harry Hopkins, Henry Morgenthau Jr., Harry Dexter White, Warburgs, Astors, Rothschilds, Lehmans and more. In this book, Dall views the stock market crash of October 1929 as "the calculated shearing of the public." He views the Federal Reserve as being against the interests of Americans. He says that the top bankers plan and execute the wars that ravage the world, kill millions and line the pockets of the global kleptocrats. In the end he portrays FDR as man who began his career as an optimistic ladder-climber and ended up as one of the most exploited presidents in U.S. history. Lots more inside information in the book written from a consummate insider's point of view. Softcover, 288 pages, #696, \$25.

Die Rothschilds Ottaien auf Waterfee

Triumph of the Will: New Remastered Deluxe Edition

Banned for more than 30 years, *Triumph of the Will* by Leni Riefenstahl generated perhaps the greatest moral and legal controversy in the history of cinema. Here it is, complete and uncut. The subject is the 1934 Nazi Party convention. Staged annually at Nuremberg, the convention consisted of speeches by Nazi leaders attended by massive crowds. The result is the inspiring expression of one woman's impression of the Hitler movement. 110 minutes plus 58 minutes of bonus features, color/B&W, DVD (#115D), \$30.

EPIC: The Story of the Waffen SS

Narrated by Waffen SS General Leon Degrelle, the video gives a complete historical background leading up to WWII. The Rothschilds: Shares in Waterloo

The first of three movies made in 1940 under the National Socialist regime in Germany. A historical account of the Rothschild family's rise to fortune, set mostly in Great Britain during the Napoleonic wars, the movie reflected an ambitious political agenda. Beyond its indictment of Jewish intrigue and avarice, the movie aimed to show the "Judaification" of British society at Rothschild hands, and thus demonstrate why, in Goebbels's words, Britons had become "the Jews among Aryans." English subtitles. DVD, B&W, 97 minutes, #576, \$30.

Big Picture Series: General George S. Patton

Part of "The Big Picture Series." A riveting film biography of the amazing life of General George S. Patton Jr. Extensive footage of his famous 3rd Army rumbling into action during World War II and synchronous-sound speeches by the general are included. Includes fascinating footage of several major WWII battlefields 25 years later. Introduced by Walter Matthau and narrated by former President Ronald Reagan. DVD, 1960s, B&W, 56 minutes total, #667, \$13.

Hitler's Constructions (Die Bauten Adolf Hitlers)

An opening montage surveys the glories of earlier Gothic and Baroque construction, then points to Germany's architectural decay of the early 1930s, represented by the constructions of the Bauhaus School. Architectural salvation comes through Hitler's call for a new German art, ushering in an architectural legacy he wanted to endure 1,000 years. The sequences that follow illustrate the varieties of National Socialist construction: youth hostels, Nazi Party schools, bridge projects, the Autobahn, ministries and party buildings, as well as the famous monumental works, such as the Zeppelinfeld at Nuremberg and the Olympia Stadium complex in Berlin. With the unfolding of this visual panorama, a distinct esthetic argument for the superior architecture of the era asserts itself. DVD, Germany, B&W, English subtitles, 17 min., #665, \$19.

Victory in The West (Sieg im Westen)

A film of the Supreme Command of the German army. This deluxe restored version of the Third Reich's most ambitious war documentary chronicles Hitler's lightning conquest of Holland, Belgium and France in 1940. The six-week campaign, marked by continuous combat and spectacular German victories, established the blitzkrieg as a bold strategy that revolutionized warfare. A combination of German newsreels and captured Allied footage are melded to produce an authentic and riveting record of the campaign. English subtitles. An audio slide show presents lesser-known details about this campaign and the making of *Sieg im Westen*. DVD, 120 minutes and 27 bonus minutes, #664, \$29.

The Protocols of the Learned Elders of Zion

With Preface and Explanatory Notes. You want the proof? Now here it is. The most comprehensive authentication of the Protocols of the Learned Elders of Zion. Translated from the Russian text by Victor E. Marsden. 299 fact-filled pages expose the most infamous of Zionist texts including how the Protocols came to Russia and the attempted suppression of this American version of the original Russian publication. Softcover, 299 pages, #462, \$13.

Reckless Rites: Purim & the Legacy of Jewish Violence

Purim—as referred to in the book's title—is the Jewish holiday spawned by the Old Testament's Book of Esther—a holiday based on the massacre of 75,000 Persians. According to the author, Elliot Horowitz, this Jewish celebration of genocide has impacted negatively upon the Judaic attitude toward the "goyim" and vice versa. Hardback, 322 pages, #476H, \$44.

The Centuries of Revolution: Democracy, Communism and Zionism

Author and activist Bill White has stepped forward with an unsettling—but highly readable and consistently fascinating—exposé of the dark forces behind world subversion that have worked relentlessly on virtually every front to forcibly transform traditional European and American culture for the benefit of the financial and political power of the organized Jewish community. Democracy, Communism and Zionism are the tools used for global mayhem. Softcover, 200 pages, #617, \$25.

Jewish Domination of Weimar Germany

By Eckhart Verlag and Francis Dupont. Jewish Domination of Weimar Germany was the National Socialist government's first English-language attempt to explain the rationale behind their legislative moves to restrict Jewish influence in Germany after 1933. This new edition contains the entire original text and illustrations and benefits from a series of appendices by Francis Dupont. Softcover, 96 pages, #670, \$14.

Communism in Germany! The Truth About the Communist Conspiracy

By Adolf Ehrt. Contrary to postwar propaganda, it was not the Nazis who terrorized Germany prior to 1933, but the far left. This illustrated work shows that the Communist conspiracy to create a 1918-style Bolshevik Revolution in Germany was very far advanced. Bombings, assassinations and a planned list of murders and street violence were already under way when the Reichstag arson—even today falsely attributed to the Nazis—took place as part of their plan to create a Soviet Germany. Softcover, 179 pages, #700, \$20.

Karl Marx on "The Jewish Question"

During the mid-1800s, "the Jewish Question" was on the minds of many politicians and philosophers. This work by Marx was an attempt to explain how Jews could be integrated into his Communist collective. Here Marx criticizes Jewish racial isolation and subversion and explains why he believes that individuals can be spiritually free in a secular state, but that the ethnic traits of the Jews in particular would never allow their integration. Softcover, 52 pages, color covers, #704, 5.5 x 8.5, \$10.

Judaism in Music: Wagner for the 21st Century

German composer Richard Wagner wrote with the same intensity that characterized his powerful music. In 1850, Wagner penned an article entitled "Judaism in Music," which caused such a firestorm that in 1869 he published an unapologetic letter entitled "Some Explanations Concerning Judaism in Music." This volume includes a foreword by Australian Revisionist historian Dr. Fredrick Töben and concludes with an essay correcting the historical record about Wagner by Andrew Gray. As an added bonus, we have included Mark Twain's remembrances of the time he went to hear Wagner performed. This special edition of *Judaism in Music* was compiled, edited and introduced by TBR assistant editor Ronald L. Ray. Softcover, 125 pages, #705, \$15.

Russia's Agony: An Eyewitness Account of the Russian Revolution

By Robert Wilton. The London Times' correspondent in Russia provided the first Western eyewitness account of the monumental events that resulted in the creation of the Soviet Union. Wilton provides a full historical background and the disastrous course of WWI for Russia, which set the scene for the seizure of power by the Bolsheviks. He then details the Red Terror's full enormity, and ends with the optimistic—and incorrect—hope that Bolshevism and Communism would be short-lived. Although Wilton's credentials were impeccable and his status unchallenged, this book was blacklisted because he dared to report openly on the overwhelming number of Jews amongst the Communist revolutionaries. Contains all original pictures and maps. Softcover, 404 pages, #634, \$27.

Communism With the Mask Off AND Bolshevism in Theory & Practice

By Dr. Joseph Goebbels. Here are two dramatic speeches, made by the German minister of propaganda, at the famous Nuremberg rallies of 1935 and 1936, which sum up the National Socialist interpretation of Communism and its threat to the world. *ALSO INCLUDES . . . Bolshevism in Theory and Practice* (1936), Here Goebbels discusses the social, political and economic consequences of Marxism—and how Germany had broken that menace. Softcover, 64 pages, #673, \$12.

Daring Scholars Help to Bring History Into Accord With the Facts

Breaking the Spell: The Holocaust—Myth & Reality

Dr. Nicholas Kollerstrom shows that "witness statements" supporting the human gas chamber narrative clash with the scientific data. The UK's intelligence decrypts prove German authorities were desperately trying to save work camp inmates. Zyklon B applied in amounts necessary to kill humans should be detectable, but no such compounds are found. The Auschwitz camp had a swimming pool, soccer games, theaters, library, choirs, orchestras and a hospital for inmates. Dr. Kollerstrom concludes that the history of the Nazi "Holocaust" is false. Foreword by Dr. James Fetzer. Softcover, 258 pages, #706, \$25.

The Hungarian Terror: Béla Kun Strangles a Nation

Here is a short yet powerful history of the brutal but little-known rule of Jewish Communist Béla Kun and his bloody henchmen in Hungary after World War I. Author Dr. Ed Fields describes—without the poison of political correctness—how Hungary was left in disarray after the Great War, how Kun came to power, his alliance with Lenin and other radical Bolsheviks, how Kun ruled Hungary with an iron fist and how the Hungarian people finally rose up against his murderous regime and sent him scurrying. Rare pictures of the perpetrators of the terror. Softcover, saddle-stitched, 61 pages, color covers, #702, 5.5 x 8.5, \$7.

The Six Million: Fact or Fiction?

By Peter Winter. 5th edition. New appendices. Just some of the amazing revelations in this book include: How Zionists and Nazis cooperated before the war on writing Germany's racial laws; how Zionists offered to take up arms for Nazi Germany against Britain during WWII; how Nazi policy was first aimed at encouraging Jews to emigrate, and then evacuating them; how official German records shows that there were 4.5 million Jews under Nazi control, and 4.3 million lodged claims as "Holocaust victims" after the war; how the USSR used torture to produce "confessions" from Germans; so much more! Softcover, 80 pages, 8.5" x 11" format, 160 illustrations, #604, \$17.

Air Photo Evidence & The Ball Report: World War II Air Reconnaissance Photos Disprove the Holocaust

By John C. Ball. The author, a professional air photo interpreter, obtained access to the U.S. National Archives' collection of air reconnaissance photographs from World War II after they were declassified and made available to the public. By examining air reconnaissance photographs taken by the Allies of Auschwitz and other camps, the author brings his formidable knowledge to bear to show that the air photo evidence used to prove a slaughter of inmates happened at German work camps during WWII is bogus and that a true reading of the photos yields a much different conclusion. Softcover, 138 pages, #698, \$12.

Holocaust High Priest

By Warren Routledge. For many years now Elie Wiesel has been the face of the holocaust, appearing on talk shows about his time during WWII. But Wiesel's writings show gross ignorance of the camps in which he was allegedly incarcerated, and there are other gross inconsistencies. This volume eviscerates the Wiesel myth, showing that the man's books and "eyewitness testimonies" are pure fiction. Softcover, 474 pages, #711, \$35.

Barbarian Cruelty: An Eyewitness Account of Moorish Slavery

This lost classic by Francis Brooks is back. It was during the 1600s that Barbary slavers—pirates from the coast of north Africa—were most active and ferocious. With the full support of Moorish rulers, these Muslim slavers raided Atlantic and Mediterranean Europe, Britain, Ireland and even Iceland at will, carting off hundreds of thousands of Whites as slaves. Few ever managed to escape. This book, first published in 1693, contains one of the few eyewitness accounts written by a White slave who managed to get away from his captors. Softcover, 52 pages, #650, \$9.

Falsehood in War-Time

By Parliament member Sir Arthur Ponsonby. Information on some famous hoaxes including: the mutilated nurse; the criminal kaiser; the Belgian baby without hands; the Louvain altar piece; the baby of Courbeck Loo; the crucified Canadian; the shooting of the Franzosling; the corpse factory; the bishop of Zanzibar's letter; the German Uboat outrage; the *Lusitania*; faked photos; phony news; much more. Softcover, 192 pages, #637, \$16.

The 'Extermination Camps' of 'Aktion Reinhardt': An Analysis

By Carlo Mattogno, Juergen Graf and Thomas Kues. In 2011, several members of the exterminationist "Holocaust Controversies" group published a 570-page online study titled "Belzec, Sobibor, Treblinka: Holocaust Denial and Operation Reinhardt." With it they claim to refute three of our authors' monographs on the Belzec, Sobibor and Treblinka camps. After a year of archival and library research, the rebuttal is here. This two-book set makes hash out of the mainstream and proves the books we have published on the aforementioned camps were accurate. Set of two tomes with a total of 1,385 pages (sold as a set only), softcover, 6 x 9 format, bibliography, #669, \$80 per set.

The Stroop Report: The German Account of the Destruction of the Warsaw Ghetto

Presented in German and English. Translated, annotated and introduced by historian Arthur Kemp. *The Stroop Report* is the official German account of the destruction of the Warsaw Ghetto from April to May 1943, prepared by the commanding officer of the operation, SS Brigade Leader Juergen Stroop. Divided up into three sections—an executive summary, copies of the official day-to-day combat reports and a photographic record, the report contains a number of fascinating insights into the brief and brutal conflict. Today, historians either do not know or prefer to suppress the facts about the Warsaw Ghetto Uprising. Softcover, 232 pages, 8.5-by-11, #677, \$19.

The Bombers and the Bombed: Allied Air War Over Europe 1940-1945

Writing to President Franklin Roosevelt in 1943 about a recent Allied bombing of the Bulgarian capital, British Prime Minister Winston Churchill said: "If the medicine has done good, let them have more." Bulgaria was on the Axis side at the time, and an enemy of Britain and the U.S. But as British historian Richard Overy shows, the Allies also dished out plenty of harsh medicine to the conquered European countries on their side. In this survey of the American and British bombing campaign in Europe during World War II, Overy breaks new ground by revealing that almost a third of the bombs the Allies dropped on the continent were on occupied countries that they were trying to "liberate"! Hardback, 592 pages, #681, \$36.

Final Solution: Germany's Madagascar Resettlement Plan

Everyone "knows" the Germans had a "final solution" for their so-called "Jewish Problem." But what they may not know is that Adolf Hitler's final solution did not involve homicidal gas chambers, bizarre medical experiments and blazing crematory ovens working night and day to incinerate victims. Instead, Hitler's final solution offered Jewish leaders the island of Madagascar, the then relatively untouched, mineral-rich, barely populated, large and secluded island off the coast of east Africa. This new Madagascar was to be governed by a joint German-French board with representation granted to any government cooperating. Historian Ralph Grandinetti tells us what the Madagascar plan was and why it failed; what world leaders supported it—and which did not; and why the plan was eventually abandoned . . . plus lots more. Softcover, 90 pages, #626, \$12.

Germany Must Perish! and The War Goal of World Plutocracy

By Theodore Kaufman and Wolfgang Diewerge. The 1941 publication of this book provoked one of the most intense propaganda exchanges of WWII. It advocated the destruction of Germany and the ultimate genocide of the German people through mass sterilization. Because of Kaufman's links to the policy advisors of the U.S. president, Germany's reaction to the plan was swift. Joseph Goebbels ordered an official rebuttal and analysis written. Parts of Kaufman's book came true at the end of the war when at least 12 million Germans were expelled from their land in what became the single largest transfer of any population in modern European history. Contains Kaufman's original work and Germany's official rebuttal. Softcover, 78 pages, #640 \$10.

Investigative journalist Victor Thorn dissects what has become the 20th century's most grotesque conspiracy. One of the best-selling Revisionist books on the holocaust yet published. Softcover, 186 pages, B&W illustrations, #609, \$20.

The Rudolf Report: Expert Report on the 'Gas Chambers' of Auschwitz

By Germar Rudolf. In 1988, Fred Leuchter, American expert for execution technologies, investigated the alleged gas chambers of Auschwitz and Majdanek and concluded that they could not have functioned as claimed. Ever since, Leuchter's claims have been attacked. In 1993, Germar Rudolf, a researcher from the prestigious German Max Planck Institute, published a thorough forensic study about the alleged gas chambers of Auschwitz which irons out the deficiencies of *The Leuchter Report*. The Rudolf Report is the first English edition of this sensational work. It analyzes all existing evidence on the Auschwitz gas chambers. The conclusions are quite clear: The alleged gas chambers of Auschwitz could not have existed. Softcover, 455 pages, B&W and color illustrations, bibliography, index, #378, \$33.

Auschwitz: The Final Count

Edited by Vivian Bird. The book arrives at authoritative and final figures and quite dramatically diminishes the number of inmates who died at Auschwitz—from all causes. Includes monographs by Thies Christophersen, William Lindsey (on Zyklon B), Fred Leuchter and others. Softcover, 120 pages, #67, \$13. 10 or more just \$5 each.

The Leuchter Reports: The Critical Edition

F. Leuchter, R. Faurisson, G. Rudolf. From 1988 to 1991, expert on execution technologies Fred Leuchter wrote four expert reports addressing the question whether or not the Third Reich operated homicidal gas chambers. The first Leuchter report became famous. Based on chemical analysis of wall samples and on various technical arguments, Leuchter concluded that the locations investigated could not have been used as execution gas chambers. This edition republishes the unaltered text of all four reports and includes critical notes and updates. Softcover, 227 pages, B&W illustrations, #431, \$22.

The First Holocaust. Jewish Fundraising Campaigns With Holocaust Claims During and After World War One

By Don Heddesheimer. Don Heddesheimer's compact but substantive *First Holocaust* documents post-WWI propaganda that claimed East European Jewry was on the brink of annihilation. And the magic number was 6 million then as well. The book details how these Jewish fundraising operations in America raised vast sums in the name of feeding suffering Poles and Russians but actually funneled much of the money to Zionist and Communist groups. Softcover, second edition, 142 pages, B&W illustrations, bibliography, index, #386, \$15.

Dissecting the Holocaust. The Growing Critique of 'Truth' and 'Memory'

Edited by Germar Rudolf. *Dissecting the Holocaust* applies state-of-the-art scientific technique and classic methods of detection to investigate the alleged murder of millions of Jews by Germans during World War II. In 22 contributions—each of 30 pages—the 17 authors dissect generally accepted paradigms of the "Holocaust." It reads as exciting as a crime novel. Second revised edition. Softcover, 616 pages, illustrations, bibliography, index, #219, \$30.

Auschwitz: The Underground Guided Tour— What the Tour Guides Don't Tell You at Auschwitz-Birkenau

By Carolyn Yeager. By taking the reader on a photographic "underground guided tour" of Auschwitz-Birkenau, the author demonstrates it to be a simple labor, concentration and transit camp for political prisoners, where the health of the inmates was the prime concern of the jailers. Softcover, 48 pages, #535, \$10. 100+: \$5 each.

Sobibór: Holocaust Propaganda and Reality

By Juergen Graf, Carlo Mattogno & Thomas Kues. According to mainstream historiography, 170,000 to 250,000 Jews were exterminated here in gas chambers between May 1942 and October 1943. In this book, the official version of what transpired at Sobibór is put under the microscope. The authors show the historiography of the camp is not based on fact, but on the selective use of eyewitness testimonies, which are riddled with contradictions. Softcover, 445 pages, illustrated, #536, \$25.

The Dissolution of Eastern European Jewry

By Walter N. Sanning. Edited & Updated by Germar Rudolf. Before World War II, Eastern Europe was the demographic center of world Jewry. After the war, however, only a fraction of it was left behind. What happened? The "holocaust, of course," most will say. The author of this book did not stop there, though, but thoroughly explored European population shifts mainly caused by emigration, as well as deportations and evacuations conducted by both Nazis and the Soviets, among other factors. The book is based mainly on Jewish and mainstream sources. It concludes that a sizable share of the Jews found missing during local censuses after World War II, which have so far been counted as "holocaust victims," had either emigrated (mainly to Israel or the U.S.) or had been deported by Stalin to Siberian labor camps. This edition has an updated foreword by Prof. Arthur R. Butz and an important epilogue by Germar Rudolf. It compares Sanning's study with a mainstream investigation into the numerical dimension of "the holocaust," which appeared eight years after Sanning's first edition. This study was designed to refute Sanning's work. However, both studies come to similar results for Jewish population losses in all European countries once ruled by the Nazis, except for two: Poland and the Soviet Union. Softcover, 224 pages, #719, \$25.

Auschwitz: A Judge Looks at the Evidence

Auschwitz is the epicenter of "the Holocaust." There is no place on Earth where more people are said to have been murdered than at Auschwitz. At this detention camp, the industrialized mass murder of the Jews by Nazi Germany reached its "demonic pinnacle." This narrative is based on a wide range of evidence, the most important of which was presented during two trials whose findings form the foundation of our present image of Auschwitz: the International Military Tribunal of 1945-1946 in Nuremberg, Germany, and the German Auschwitz Trial of 1963-1965 in Frankfurt. But, when we dig deeper into the rulings of these trials and the actual evidence they are based upon, the story looks quite different. The late Wilhelm Staeglich, until the mid-1970s a German judge, has so far been the only legal expert to critically analyze the foundations of what we today think we know about Auschwitz. His research results, as presented in this book, leave the reader at times breathless when confronted with the incredibly scandalous way in which the Allied victors, and later the German judicial authorities, bent and broke the law in order to come to politically foregone conclusions. Softcover, 422 pages, #718, \$35.

Revenge of the Neanderthal Special TBR Theme Issue

Do the descendants of the Neanderthal live among us today? What have they contributed to modern civilization? Anything? Or are they simply our destroyers? This special edition of our bimonthly historical journal addresses this controversial topic as it has never been before. It was assembled by TBR publisher Willis A. Carto. "Revenge of the Neanderthal" is a provocative study of what may well be the most explosive historical and anthropological secret of all time—one that scientists, archeologists, philosophers, theologians and other "scholars" prefer to ignore. Bulk sale prices: One to five copies are \$8 each; six or more are just \$5 each.

Solzhenitsyn: Jews in Russia TBR Issue

Aleksandr Solzhenitsyn wrote a two-volume series entitled "200 Years Together." Book one, *Russian Jewish History 1795-1916*, was translated and published in several languages. However, the book caused a stir. Volume two, *The Jews in the Soviet Union*, was suppressed. Here is a detailed presentation of that banned book in English. Sections include: October Revolution; Jewish Involvement in Communism; 1917 Revolution; Red Terror; Pogroms; Participation in the Red Army; Jewish Commissars; Bolshevik Uprisings in WWI Germany; and seven more eye-opening chapters. Bulk sale prices: One to five copies are \$8 each; six or more are \$5 each.

Biography & Autobiography

Resistance Is Obligatory

Here's the inside story from the "thought criminal" himself—Germar Rudolf. Rudolf was a highly respected chemist who made the "mistake" of telling the truth at a place (Germany) and time (during court) when lies are the only permissible public statements about the holocaust. Here it is. Softcover, 376 pages, 6"-by-9" format, B&W illustrations plus 16 full color plates of Rudolf's paintings and sketches, #620, \$35.

Besides recreating the German air force once the shackles of the Versailles Treaty were shaken off, his other achievements are less famous. The purpose of his mission—and his life at Spandau—was kept secret. But all that has changed with the publication of this book by Abdallah Melaouhi. Melaouhi spent five years with Hess, acting as Hess's medical aide at the Military Prison in Spandau, up until the murder. Melaouhi got to know Hess as a friend. Mein Kampf: The Stalag Edition

This is the only complete, unabridged and officially authorized English translation of *Mein Kampf* ever issued by the Nazi Party, and is not to be confused with others. It was printed in Berlin for the NSDAP during the years 1937 to 1944. Most copies were distributed to the libraries of English-speaking POW camps, and became known as the "Stalag" edition because they all carried a camp library stamp. Only a handful of copies survived the war, and the text contained in this edition has been taken directly from one of these rare editions. In sharp contrast to other translations, this authorized "Stalag" edition contains the exact words of Adolf Hitler, not a pale comparison. Softcover, 584 pages, 6 x 9, #675, \$35.

Mussolini spells out his ideological background, sparing no details on his socialist political origins. Softcover, 212 pages, #712, \$15. Along with Story of a Year, it makes up what is considered Mussolini's full autobiography.

Story of a Year: The Time of the Carrot & the Stick

This work is Benito Mussolini's autobiographical account, written in the third person, of the dramatic events—as he experienced them—from the time of the Battles of El Alamein until his rescue and reinstatement as leader of German-occupied Italy. It starts with a gripping recounting of the reasons for the first major Axis defeats in north Africa, the invasions of Sicily and mainland Italy by the Allies, and then moves on to discuss in detail the Grand Fascist Council meeting of July 1943—where Mussolini was deposed as leader by his own party and arrested. Also describes his experiences in prison, ending that section with an account of his rescue from his mountaintop prison by Otto Skorzeny. Mussolini reveals intimate details of internal Fascist Party meetings, his relations with the Italian king and all the betrayals by formerly loyal colleagues. Softcover, 139 pages, #713, \$10.

Sentenced to death by the Belgian government after the war, Degrelle escaped by flying across Europe and crash-landing in Spain. The great Belgian Waffen-SS officer recounts his experiences as a rising nationalist politician, the political situation in Europe before WWII, his battle against the Bolsheviks—not only before, but also during WWII—the last days of the Reich and his daring escape. Painstakingly reconstructed from Degrelle's private lectures, this book is Degrelle at his very best. Once you start reading, you won't put it down! Softcover, 217 pages, #714, \$27.

Uncensored WWII History

Other Losses: Investigation Into the Mass Deaths of German Prisoners

By James Bacque. The first edition of this controversial book revealed that 1 million German POWs were starved and worked to death in U.S. and French death camps after WWII. None, however, could explain the mass deaths of these German ex-combatants. This extended edition presents relevant new material plus new evidence. #619, softcover, 288 pages, \$25.

Stalin's War of Extermination: 1941-1945

Hitler's Jewish Soldiers

By Bryan Mark Rigg. Here are some of the little-known secrets: Patton's life was threatened earlier in several other odd incidents; no one else was severely injured in the accident that paralyzed Patton; an expert says the Cadillac in the Patton Museum is not really the right one; five known reports about the accident have vanished from archives; Patton was recovering in a hospital when he unexpectedly died; and many more. Hardback, 444 pages, #517, \$28.

Had Hitler not done so, Europe would have been overrun by the Asiatic hordes. Hardcover, 330 pages, #526, \$29.

History's Greatest Heist: The Looting of Russia by the Bolsheviks

How did the bankrupt Bolsheviks manage to stay in power through five long years of bloody civil war? Highly respected author Sean McMeekin draws on previously undiscovered materials from the Soviet Ministry of Finance and other neglected European and American archives to reveal how the Jewish Bolsheviks financed their aggression via astonishingly extensive thievery. The cash savings of private Russian citizens, gold, silver, diamonds, jewelry, Christian icons, antiques, collectibles, antiques and artwork were sold off for whatever price could be gotten. By tracking these illicit Soviet financial transactions across the whole of Europe, McMeekin shows how Vladimir Lenin's regime accomplished history's greatest heist between 1917 and 1922 and turned centuries of accumulated wealth into the sinews of class war. McMeekin also names names, introducing for the first time the super-wealthy families, greedy bankers, sleazy lawyers and compliant middlemen who helped the Bolsheviks launder their loot, impoverish Russia and kill tens of millions. An amazing read on a little-known subject. Hardback, 302 pages, indexed, #533, \$38.

War Is a Racket

By Gen. Smedley Butler. This is Butler's famous speech denouncing the military-industrial complex. This anti-war speech by the two-time Congressional Medal of Honor recipient exposes the massive war profits that benefit the few at the expense of the many. Throughout his distinguished career in the Marines, Butler demonstrated that true patriotism does not mean blind allegiance to government policies with which one does not agree. Instead, true patriotism requires that you review every decision made by the higher ups. Sections include: "War is a Racket"; "Who Makes the Profits?"; "Who Pays the Bills?"; "How to Smash this Racket"; and "To Hell with War!" Softcover booklet, 40 pages, #589, just \$4. The Great Tragedy: Germany's Declaration of War

Adolf Hitler's Dec. 11, 1941 speech to the Reichstag, delivered just hours after a formal declaration of war had been delivered to the U.S. ambassador in Berlin, marked a decisive turning point in the global tragedy of WWII. This speech was more than just a declaration of war: it is an 88-minute personal explanation by Hitler of the origin of the war, the background to the outbreak of the war in Poland, its subsequent dramatic developments, why he decided to attack the Soviet Union in June 1941, President Franklin Roosevelt's hostile policies toward Germany, a short overview of Germany's place in the struggle for all of Europe, and finally his earnest desire for peace at any cost. Softcover, 41 pages, #636, \$9.

The Myth of German Villainy

The official story of Western Civilization in the 20th century casts Germany as the disturber of the peace in Europe, and the cause of both WWI and WWII, though the facts don't bear that out. During both wars, fantastic atrocity stories were invented by the Allied propaganda machine to create hatred of the German people for the purpose of bringing public opinion around to support war. The bogus mainstream holocaust propaganda that emerged after WWII further solidified this image of Germany as history's ultimate villain. But how true is this characterization? Was Germany really history's worst rogue nation? Benton L. Bradberry paints a different picture. Hardback, 454 pages, #647, \$32.

Truth for Germany: The Guilt Question of the Second World War

The mainstream historical establishment insists that WWII was started by Germany. But what facts exist to support this seemingly unchallengeable hypothesis? In this book, the myth of Germany's guilt for fomenting WWII is refuted by famed German historian Udo Walendy. For 21 years *Truth for Germany* was kept on the index of banned books in Germany. After a trial of 21 months the book was released in 1995. Future historical research will amplify the facts compiled in this book, but mainstream historians can no longer deny their existence. Covers the allegations that Germany instigated the war, debunks long-held fallacies about German atrocities, the true nature of Hitler etc. Softcover, 535 pages, #648, \$30.

Back Door to War: The Roosevelt Foreign Policy 1933-1941

This large-volume masterpiece of 20th century Revisionist history is now at last back in print in an updated a newly set edition. Charles Callan Tansill, one of the foremost American diplomatic historians of the 20th century—quoted again and again by researchers for decades—argues that President Roosevelt wanted nothing more than to involve the United States in the European war that began in 1939. When his efforts appeared to come to naught, Roosevelt and his bevy of criminal advisors determined to provoke Japan into an attack on U.S. territory. The strategy succeeded, and Tansill maintains that FDR therefore welcomed Japan's attack on Pearl Harbor. Well documented. Softcover, 712 pages, #651, \$33.

Perpetual War for Perpetual Peace

A collection of Revisionist essays edited by the great Revisionist himself, Harry Elmer Barnes, dealing with the duplicity of American foreign policy leading up to the Second World War. Shows how the Franklin D. Roosevelt Administration deliberately manipulated events in Europe and Asia to bring the United States into the war; how Roosevelt was perfectly aware of the date, time and place of the Pearl Harbor attack well before it happened and deliberately let it go ahead to fulfill his own designs for global war and the destruction of Japan and Germany; and much, much more. The authors of the various essays show the massive deception perpetrated against the American people. Softcover, 693 pages, #652, \$33.

What the World Rejected: Hitler's Peace Offers

By Dr. Friedrich Stieve. Written by Germany's foremost diplomatic historian of the early 20th century, this work maps out all the numerous times that Adolf Hitler made unconditional offers of peace to all the nations of Europe—and how the major anti-German belligerents, France and Britain, turned down these offers every time. The author lists all of Hitler's offers in detail, complete with quotes, starting with his first offer of May 17, 1933, his second offer of Dec. 18, 1933, his third offer of May 21, 1935, his fourth offer of March 31, 1936, his fifth offer of Sept. 30, 1938, his sixth offer of Dec. 6, 1938, his seventh offer of late 1939 to Poland to settle the Danzig Corridor issue peacefully and, also, his offer of world peace on Oct. 6, 1939, just over a month after Britain and France had declared war on Germany for invading Poland. Includes: "A Final Appeal for Peace and Sanity," July 1940, by Adolf Hitler; "Hitler's Political Testament," April 1945; Hermann Goering's "Last Letter to Winston Churchill, Nuremberg, October 1946," and Neville Chamberlain in The Forrestal Diaries. The Races of Europe

By Carleton S. Coon, anthropology professor at Harvard University. First published in 1939, this work remains a standard in racial typology. Coon says: The White race is a mixture of sapiens, Neanderthal types and Mediterranean types; the Upper Paleolithic peoples are the indigenous peoples of Europe; the Mediterraneans invaded Europe during the Neolithic; when reduced Upper Paleolithic survivors and Mediterraneans mix, a process of "dinarization" occurs, which produces a hybrid. Coon classified the White races after regions or archeological sites. Covered are the Brünn, Borreby, Ladogan, East Baltic, Neo-Danubian, Lappish, Atlanto-Mediterranean, Irano-Afghan, Hallstatt, Keltic, Tronder, Dinaric, Noric and Armenoid. The Lost White Race

By Ira Calvin. The author takes the stand that there will have to be two worlds, i.e., a White world and a colored world. He maintains that if we don't do this, the White race will die, and in the end there will be only one world: a colored one. The author makes a strong and justifiable appeal for a setup wherein the White race can be assured of continued existence, which, he believes, is the best thing for the future of the world, i.e., a White homeland. Softcover, 184 pages, #661, \$20.

Victims of Yalta: The Secret Betrayal of the Allies—1944-1947

Nikolai Tolstoy tells the sordid tale of the millions of Russians who fought back against the Soviet terror before and during World War II, and how they were betrayed by the Allies in what is called "Operation Keelhaul." After the war, literally millions of anti-Communist Cossack fighters and civilians came under the control of British, French and American forces. But no matter the status of the person—civilian, POW or militia fighter—the secret Moscow agreement of 1944 demanded that ALL Soviet citizens in the West be forced to return to Russia. This was a death sentence by execution or forced labor in the Gulag for the vast majority. Hardback, 496 pages, indexed, #682, \$26.

The Sleepwalkers How Europe Went to War in 1914

How did Europe, at the height of its glory, commit collective suicide, drowning centuries of progress in the bloodletting of 1914-18? Here is historian Christopher Clark's riveting account of the beginnings of WWI, focusing not on the battles and atrocities but on the complex events and relationships that led well-meaning leaders into conflict. Clark traces the paths to war in an action-packed narrative that examines the decades of history that drove the events of 1914. Softcover, 697 pages, #683, \$20.

Real History is the stuff of mystery and intrigue, romance and tragedy, cowardice and courage, good and evil . . .

eal history is not propaganda intended to shape the views of unsuspecting readers toward the current projects of the masters of the media. Unfortunately, Americans share a vast ignorance of the past and, as such, are easily manipulated by the special interest elite.

Real history is more than the distorted, liberal, politically correct lies or half-truths you get in virtually every other periodical published today. Real history is the stuff of mystery and intrigue, romance and tragedy, cowardice and courage, conspiracy and idealism, good and evil.

In The Barnes Review, you'll read vignettes of Man, from the prehistoric to the present day; from forgotten civilizations to first person accounts of WWII and the Cold War; from the attacks of Sept. 11 to the immigration crisis in Europe. There is no more interesting magazine published today, nor a more important subject than REAL history.

Our purpose—to bring history into accord with the facts—was first enunciated by our namesake, Dr. Harry Elmer Barnes. It was he who began the crusade to accomplish this noble goal. No cause is more important to the survival of civilization.

Your subscription to THE BARNES REVIEW supports this vital work that is needed today to prevent the otherwise inevitable day when the purposeful distortion of history produces its certain result—the nightmare tyranny dreamt of by George Orwell.
